Proceedings County Executive Committee.

The Monroe County Democratic Executive Committee met Friday August 2, pursuant to law, for the purpose of canvassing returns from the several precincts of the first primary election for State and county officers, August 1. The chairman and more than a quorum were present, including three proxies.

The names of L. G. Connaway and Joe T. Morgan, candidates for constable in the fifth district, having been by the committee erroneously declared as nominees and omitted from the first primary ticket, it was ordered that they be placed on the second primary ticket as opposing candidates in the justices' jurisdiction of Wren and Willis' Store, and Central Grove.

In the canvass of ballots from all the districts it was found that J. M. Parchman and T. R. Caldwell had received an equal number for Representative and tied on 1200 each, whereupon the committee ordered that their names be placed on the ticket for the second primary, both parties being present and agreeing to that plan instead of the committee casting lots, as provided for by law.

The canvassing of the ballots disclosed the following candidates nominated by the first primary:
For Representatives—D. A. Beeks and H. F. Broyles. The between T. R. Caldwell and J. M. Parchman.
For Circuit Clerk—L. A. Wood.
For County Treasurer—N. Tubbs.
For Superintendent of Education—E. E. Cowley.
For County Surveyor—A. V. Hill.
For Coroner and Ranger—M. H. Bunn.

First District—For Justice of the Peace—W. H. Sullivan, L. G. Pullen.

Second District—For Justice of the Peace—Athens and Becker—J. W. Bogan.

For Constable—Quincy and Pickle's—C. P. Jones, Jr.

Third District—For Justice of the Peace—J. J. Boyd, S. R. Murff.

Fourth District—For Supervisor—A. C. Love.

For Justice of the Peace—B. C. Sims, B. B. Howell.

For Constable—E. F. Poe.

Fifth District—For Constable, Nettleton and Boyd's—W. J. Roberts.

For Justice of the Peace—Centre Grove—C. H. Marshall.

The following not having received a majority, but the highest number of votes, were ordered to be placed on the second primary ballots:

For Sheriff—Ollie Jones and J. D. Cooper.

First District—For Supervisor—John Y. McCoy, John H. Sullivan.

For Constable—W. E. Gregory, L. H. Cox.

Second District—For Supervisor—A. T. Walden, S. D. Ritter.

For Justice at Quincy and Pickle's—E. G. Mize, L. J. Easter.

For Constable—Athens and Becker—J. R. Taylor, J. O. Moon.

Third District—For Supervisor—R. W. Eikner, O. E. West.

Fifth District—For Supervisor—W. S. Buchanan, W. L. C. Bailey.

For Justice at Nettleton and Boyd's—W. R. Kiziah, J. H. Worthy.

For Constable—Wren and Willis' and Center Grove—L. G. Connaway, Joe T. Morgan.

For holding the second primary August 22, the same managers that served in the first primary were appointed, as follows, the first named being custodian of the ballot box and requested to secure the ballot box for his precinct as follows:

Amory—R. P. Dilworth, W. A. Lea, John M. Norton.

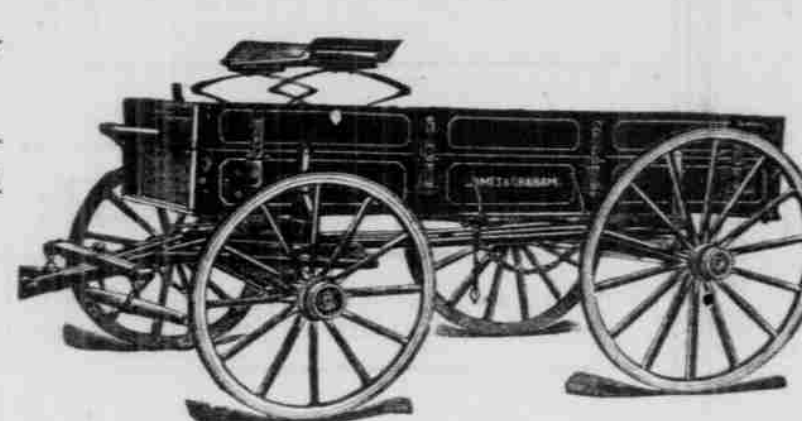

Smithville—W. T. Wax, A. L. Young, L. Parham.

Cox's Store—A. B. Ritter, R. B. Patterson, James Brook.

Williams Store—G. D. Pickle, J. T. Riggan, J. W. Harris.

Hatley—A. H. Rye, G. D. Nash, Tom Nash.

You can buy from us a wagon payable this fall without paying any interest, at spot cash price.

LANN & CARTER HARDWARE CO., ABERDEEN, MISSISSIPPI.

South Aberdeen—W. C. Sykes, W. H. Holmes, N. C. Dalton.
North Aberdeen—N. W. Hatch, Wm. Baker, J. S. Henley.
Mudon—J. C. Cunningham, A. J. Evans, S. P. Lenoir.
Darracott—M. H. Stephens, A. L. Bryan, A. N. Nichols.
Gibson—W. E. Bourland, J. O. Patterson, Claude Stillman.
Prairie—P. J. Cain, J. F. Cain, H. Jackson.
Boyd's—S. A. Atkins, W. M. Taylor, J. W. Roberts.
Central Grove—J. A. Tanner, J. T. Wamble, W. B. Smith.
Willis Store—S. W. Word, E. S. Davis, E. V. Whitley.
Wren—L. W. Greene, J. J. Cotter, L. H. Cosper.
Nettleton—W. B. Feenster, W. G. Francis, C. B. Hansell.

The committee adjourned until Friday August 23, when it will meet again for canvassing the vote of the second primary election.
W. G. SYKES, Chairman.
S. A. DALTON, Secretary.

Warning.

If you have kidney and bladder trouble and do not use Foley's Kidney Cure, you will have only yourself to blame for results, as it positively cures all forms of kidney and bladder diseases. Sold by J. L. Shell & Co.

There are strong indications that a recount of the ballots cast in the primary of last week, at least in several counties where suspicion of irregularities and errors exists, will be made to decide the Senatorial and Governor's contest. The official result in Monroe county was arrived at by the executive committee by tabulating the totals returned by the several precinct managers, and in no case investigating the ballots. It is believed that the returns were accurate and correct, except possibly an occasional clerical error that is liable to occur in any mass of figures. Unless a general recount is undertaken it is not probable that more than the Secretary's certified copy will be required for this county.

Men Past Sixty in Danger.

More than half of mankind over 60 years of age suffer from kidney and bladder and disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Barnett, Rockport, Mo., says: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." J. L. Shell & Co.

\$29,240.00.

Judge Landis of the Federal district court of Chicago on Saturday announced his decision in the case of the government against the Standard Oil Company of Indiana for accepting rebates on freight shipments, in violation of the Elkins law. In a lengthy decision, covering all phases of the case, Judge Landis imposed a fine of \$29,240.00, the maximum penalty on something more than 1400 counts in the indictment. The court was attended by a strong array of the highest counsel of the largest corporation in all the world, as though by their presence to awe the court into fear of meting out punishment commensurate with the offense. The maximum fine was not only assessed but the court took occasion to deliver some strong language to the corporation and to its counsel for utterances during the trial. Of course this case will be taken to the United States supreme court and notice of appeal was at once served.

The marshal was ordered to summon a special venire for the trial of other cases at once, this time probably the railroads that carried the freight, which will include the Illinois Central, Mobile & Ohio, Chicago & Alton, and probably others.

Orino laxative fruit syrup is sold under a positive guarantee to cure constipation, sick headache, stomach troubles, or any form of indigestion. If it fails, the manufacturers refund your money. What more can anyone do?
Sold by Shell & Co.

As to holding elections without fraud, if fraud is intended, it is a feat that cannot be accomplished, and the devices resorted to may be almost as numerous as the ballots deposited. We have heard of burglar-proof safes and yet every day we read of burglarized safes, and it is much the same with fire proof houses. Election frauds may be minimized but not eliminated. In the recent senatorial primary, if frauds were perpetrated it will probably be discovered that those of one side will offset the other.

"We never repent of eating too little," was one of the ten rules of life of Thomas Jefferson, president of the United States, and the rule applies to every one without exception during this hot weather, because it is hard for food, even in small quantities, to be digested when the blood is at high temperature. At this season we should eat sparingly and properly. We should also help the stomach as much as possible by the use of a little Kodol For Indigestion and Dyspepsia, which will rest the stomach by digesting the food itself. Sold by the Phoenix Drug Co.

Cotton Crop Condition for July.

The New Orleans Times-Democrat of August 5, publishes its cotton crop condition report for July, and makes the following comments: "The Times-Democrat herewith presents its correspondents' reports of the progress of the cotton crop during the month of July. The consensus of opinion is to the following effect: "Distinct improvement has been the rule throughout the Belt, the weather having been favorable and the cultivation thorough. "The plant has grown rapidly, but is still small as compared with the normal and is, therefore, peculiarly dependent upon the date of frost. "Serious complaints of boll weevil come from certain sections of Texas and Louisiana, but the extent of the injury remains to be determined. "Some time must elapse before the crop begins to move in earnest and farmers appear to be determined to hold out for higher prices."

Everybody loves our baby, rose, sweet and warm, with kiss places on her neck and dimples on her arm. Once she was so thin and cross, used to cry with pain. Mother gave her CASCASWEET, now she's well again. Sold by Phoenix Drug Co.

The railroads have about concluded to accept the requirements of the law in Virginia without repeating their experience with the Governor and courts of North Carolina, and the trouble brewing in Alabama growing out of the same cause may as well be settled in the same manner. The railroad owners and managers raise a great cry against the State courts for compelling them to observe the law as other people and corporations are obliged to do, seeming to forget that they have brought the trouble upon themselves. If they would display a friendliness with the people and take the people into their confidence sufficiently to cultivate a feeling of amity instead of at every point arbitrarily forcing their demands and arrogantly defying the constituted authorities, as in the North Carolina case, there would be much less of the irritation and opposition manifested by the public against them. They have simply forced the issue until a sentiment has crystallized that calls a halt and a readjustment of railroad methods and management generally, but not a hostility against the roads because they are railroads.

Keep the pores open and the skin clean when you have a cut, bruise, burn or scratch. DeWitt's Carbolized Witch Hazel Salve penetrates the pores and heals quickly. Sold by the Phoenix Drug Co.

Librarian Closes Her Life's Book.

Mary Louise Dalton, librarian of the Missouri Historical Society, writer and accredited one of the greatest authorities on the history of the Missouri commonwealth and the genealogy of its people, died at 4:30 a. m. Thursday from cerebral meningitis, resulting from an abscess of the ear. Miss Dalton was born on April 1, 1868, at the home of her maternal grandmother, Mrs. Mary B. Walker, near Wentzville, Mo. She was a daughter of Dr. William R. Dalton, now of Seattle Washington, and Mrs. Harriet Ursula Dalton.

Mary Dalton spent her childhood on the Walker farm and her education began in the public schools of Wentzville, from which she went to Lindenwood College at St. Charles, Mo., graduating in 1887. The year previous she won the junior scholarship prize of \$200, and when she graduated it was always with honor. As a stenographer she spent several years in the offices of prominent New York law firms, and was later with a bank in Middlesboro, Ky. Ten years ago she came to St. Louis and took up newspaper work, becoming the assistant editor of the Republic Magazine. For five years her work was marked with distinction of genius and ardor. Cheerful and animated, she won a host of friends both in her active employment and socially. After five years she was obliged, because of ill health, to leave the newspaper field. She spent several months in Colorado not only recuperating but as ever active and writing. Returning, she spent a year at Wentzville, as by this time she had specialized in genealogy and State history. To further this work she went to Jefferson City as the private secretary of a relative in the Legislature. The Missouri Historical Society elected her librarian in the latter part of 1903, and she prepared the World's Fair Exhibit of this society. This work she said to have further impaired her health, both because of the strain and as a result of an attack of malarial fever. She was an only daughter, and one brother, Warren R. Dalton, an attorney at Wentzville, besides her parents, survive her.

She was a founder of Jefferson Chapter, D. A. R., which will attend the funeral and member of which will sing. She was also a prominent member and working spirit of the Daughters of the United Confederacy and the Confederate Memorial Monument Association.

Rev. Dr. C. M. Hawkins of Cabanne Methodist Church will officiate at the funeral service, to be held Friday at 10 a. m., at the church. Later, Friday the body will be taken to Wentzville. The Dalton family is one of the oldest in St. Charles County. Mrs. Walker of Wentzville; Mrs. Kate Smith of Tooeva, Wash., and Mrs. Mary L. Broadbent of New York. St. Louis Globe-Democrat.

THE DEATH OF MARY LOUISE DALTON.

The death of Mary Louise Dalton of the Missouri Historical Society is a sorry loss to one of the interests of the community. Miss Dalton was a force. She stood as first among equals in the field of her endeavor. She was an unselfish, tireless worker for the Society, to which she had been for several years an upbuilding influence. In the specialties of the Historical work she was at the time of her taking on of gaining much recognition. Her researches among original manuscript "finds" were of striking advantage to the Society. Miss Dalton was also a growing expert in the Mississippi Valley's prehistoric traces. The Missouri Historical Society in all of its departments will feel her loss keenly and will suffer from it. Wentzville Herald.

A Prominent Memphian Writes
Dr. H. M. Moyle, Atlanta.—Having been a great sufferer for three years from indigestion, and been treated by many physicians, who failed to give me any relief. Continuing to grow worse, my brother advised me to try Dr. Moyle's Lemon Elixir, which remedy he had used for several years. I commenced its use and must say that your Lemon Elixir is the greatest medicine on earth. I have never suffered since. I commenced using Lemon Elixir.

The Modesty of Women

Naturally makes them shrink from the indiscreet questions, the obnoxious examinations, and unpleasant local treatments, in the treatment of diseases of women. Yet, if help can be had, it is better to submit to this ordeal than let the disease grow and spread. The trouble is that so often the women undergo all the annoyance and shame for nothing. Thousands of women who have been cured by Dr. Pierce's Favorite Prescription find in its composition the full endorsement of the most eminent of these numerous and strongest of professional endorsements of its ingredients. Dr. Pierce's Favorite Prescription is a booklet mailed free on request, by Dr. R. V. Pierce, of Buffalo, N. Y. These endorsements should have far more weight than any amount of the ordinary lay, or non-professional testimonials.

The most intelligent women now-a-days hesitate on knowing what they take as medicine instead of opening their mouths like a lot of young birds and gulping down whatever is offered them. "Favorite Prescription" is of known composition. It makes weak women strong and sick women well.

Dr. Pierce's Medical Adviser is sent free on receipt of stamp, 2c. pay expense of mailing only. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 10 stamps for cloth-bound copy. Ask the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

Is a dandy to use after a hard night.

ALL DRUGGISTS

THE OPPORTUNITY of a LIFE TIME

95,000 acres in the "Garden Spot of the World," is now being opened up to the American People.

DR. CHARLES F. SIMMONS'

ATASCOSA COUNTY (TEXAS) RANCH NOW ON THE MARKET.

OPPORTUNITIES LIKE THIS SELDOM OCCUR.

\$210, payable \$10 per month, without interest, buys two lots for a home or business in town and a farm of from 10-acre truck farm to a 640-acre farm in balmy South Texas.

President Roosevelt said:

"TEXAS IS THE GARDEN SPOT OF THE WORLD."

Investigation will show that this 95,000-acre tract comprises one of the finest bodies of Agricultural and Truck Farming land in the entire State commencing about 15 miles south of Austin, Texas, and about two miles south of Pleasanton (the county seat of Atascosa county), and extending through Atascosa and a part of McMullen counties, to within 15 miles of an 80,000-acre Live Oak County Ranch, which in four months last year sold to 10,000 Home Sakers on liberal terms, without interest on deferred payments, which gives the owner, man from his savings, a chance to secure a good farm and town lot for his home in town. I will donate and turn over to three bonded Typewriters \$250.00 from the proceeds of the sale of this property to the burglar, as a home to the first railroad built through this property on the line which I shall designate.

This property is located on that middle plain between East Texas, where it rains too much, and the arid section of West Texas, where it does not rain enough.

Its close proximity to San Antonio, the largest city in the State, with a railroad, a population of over 100,000 enhances its value as a market for Agricultural and Truck Farm products far beyond the value of similar land not so favorably located.

TECHNICALITY.
Level to eighty rolling. Large, broad, rich valleys, enriched by elevations about 100 feet, and the land is fertile, rich, and healthy.

FORESTRY.
Ash, Elm, Gum, Hackberry, Live Oak, Mesquite, Pecan, gum, chestnut, dogwood, hickory, and sweet gum.

SOIL.
About 40 per cent rich, dark, sandy loam, but also chocolate or red soil sandy loam, highly preferred by local farmers and each with soil averaging from two to four feet deep, with clay subsoil, which has been proven.

CLIMATE.
Mild, balmy, healthy, practically free from malaria, few frosts, no snow, no hard frosts, continuous warm breezes moderate extremes of heat and cold, producing warm winters and cool summers. Average temperature about 65 degrees.

RAINFALL.
From the Government report, it is only to assume that the annual rainfall here is between 30 and 40 inches per year, which is more than some of the old States have had, and is plentiful for ordinary crop growing, and for stock raising.

IMPROVEMENTS AND WATER.
This property is fenced and grown for many years and small pastures, with four hundred acres of land, with 100 acres of water. Also a number of fine lakes and tanks.

Also a number of fine rolling Artesian Wells, crystal streams flow from miles and miles down the center of the land, and are healthy, and are continuously flowing streams, make it the ideal place for the Marketing Gardens, and the raising of stock, and for the raising of marketable produce on the same ground every year.

FARMING AND TRUCK FARMING.
Seasons never end.

This land is situated in profitable portions of Beans, Cabbage, Cider, Cucumbers, Lettuce, Tomatoes, Beets, Carrots, Onions, Radishes, Squash, Strawberries, Cauliflower, Green Peas, Peas, Potatoes, Turnips, Apples, Grapes, Cantaloupes, Grapes, Irish Potatoes, Oranges, Sweet Potatoes, Hammons, Dates, English Walnuts, Pine Apples, Peaches, Plums, Tobacco, Alfalfa, Rice, Grains, Peaches, Potatoes, Corn, Cotton, Date, Wheat, Apples, Peas.

"Plan and the book outline" (containing San Antonio), officially issued by the Business Men's Club of San Antonio, dated May 1906, says:

"It is equally essential for all those who know anything about Texas that the most profitable agricultural section is that which comprises San Antonio as its center, particularly that section directly south of San Antonio, with the Gulf of Mexico bordering on the southeast and the Rio Grande bordering on the south and west."

Within the last four or five years, in the territory named, special attention has been given to growing vegetables, their marketing at home, and their exportation to the North. Where the water is pure, soft and plentiful.

Where the climate is so mild that the North-ern farmer here sows practically all his fruit trees and shrubs in the soil of the territory.

Where the people are prosperous, happy and contented.

Where the farmers and gardeners, whose seasons never end, and whose home-grown vegetables in January and March, and mid-winter's butter and eggs are sold at a profit.

Where the land yield is enormous, and the price remunerative.

Where everything can be planted and harvested every month in the year.
